Eaglet News

Happy New Year, everyone, and welcome back! This term has started off in exciting fashion in Reception as we arrived in school to find footprints and two mysterious eggs! As a year group we decided that baby dinosaurs had been in the eggs, so all week we have been learning lots more facts about dinosaurs, and we are now really good at remembering lots of their names! We have also had visitors in from other year groups this week, with Year 6 coming down to interview us about our discovery and Year 4 coming down to read with Ladybirds on Thursday. It's been a very busy start to our new term!

In Nursery we were amazed to see how brilliantly the children settled back into school life after the long Christmas break. Everyone has come back to school cheerful, focused, and ready to learn! We have been sharing what we know about dinosaurs and thinking of questions that we'd like to know the answers to. Next week we will be looking at some non-fiction books to see if we can learn more!

Amazon wish list

As you may have seen on our Golden Eagle Newsletter, we now have an Amazon wish list set up for parents to purchase resources that staff are in need of at school. If you wish to purchase any of the items for the school please follow the link: <https://www.amazon.co.uk/gp/registry/wishlist/1A2U0S4DQV12>. We would be extremely grateful for any donations bought.

Uniform

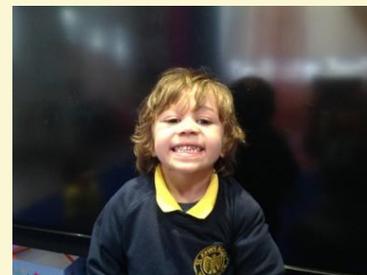

As the cold weather sets in, we are amassing quite a collection of unnamed hats, gloves, and scarves! Please, please ensure that all items of uniform are clearly labelled. Please do look at this label with your child to help them become familiar with their own belongings.

Thank You

A huge heartfelt thank you from all of the Early Years team for your lovely gifts and kind words over the Christmas season. We were overwhelmed by your generosity. Thank you!

Stars of the week

Nursery – Karim

RO – Anton

RC – Aden

Reception

Our learning

This week in pictures

Next week

Physical Development

We will use a range of materials to help us cross the lava river!

Communication, Language and Literacy

We will be reading the book 'Bumposaurus'.

Mathematics

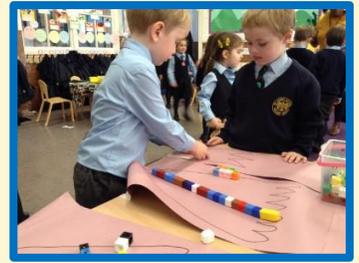

We will be learning our number bonds to 5.

Expressive Arts and Design

We will be using a paint program on the iPads to create dinosaur images.

Understanding the World

We will be carrying out a fossil dig.

Nursery

Our learning

This week in pictures

Exploring the possibilities of a cardboard box!

Next week

Physical Development

We will be learning some different dinosaur songs and moving our bodies in different ways to music.

Communication, Language and Literacy

We will be learning about rhyme through story and in our phonics lessons.

Mathematics

We will be matching quantities to numerals.

Expressive Arts and Design

We will be making marbled eggs which we can eat!

Understanding the World

Will be learning all about eggs and conducting some experiments to help us find out more.
