

# Eaglet News

Welcome back to all children for our last half term of the academic year! We hope that everyone had a relaxing, enjoyable break, and we can't wait to get immersed in another half term of fantastic new learning!

We are excited to announce our Water Play Day, which will take place on Monday. This will be a fantastic opportunity for the children to take advantage of the warm weather, get wet and have some fun! Further details of this have been sent out in a letter.

What a great first week back; have a fantastic weekend!

## Reminders

### Water

As the weather gets warmer, it's increasingly important for the children to be drinking throughout the school day. Please ensure that all children have their named water bottles with them for this purpose.

### School caps

Please ensure that your child brings their St John's cap to school daily during the summer term. On hot days we may need to stop children without caps entering the unsheltered section of the outdoors.

### Sun Cream

This half term, children in Nursery and Reception can bring in sun cream to be applied throughout the day. This will stay at school for the rest of the term. Please ensure this bottle is clearly labelled with their name. Children in Reception will be expected to apply this themselves, so please teach your child to do this.

### Makaton – Word a Week

This week's Makaton sign is *drink*. Please feel free to practice our word a week at home!

## Tapestry Corner

We love seeing your children's home learning via their Tapestry online journals.

If you've had the chance to take any photos or videos of your children enjoying the warm weather. Perhaps a healthy picnic or practising some sporty skills? We'd love to see!

## Stars of the week

Nursery – Mimi

RP – Kareem

RPY – Tilly

# Reception

## Our learning

### This week in pictures

Reception loved learning about non-fiction books, especially exploring the 'contents' page.

### Next week

#### Communication, Language and Literacy

We will be making our own non-fiction books.

#### Mathematics

We will consolidate our learning of addition and subtraction.

#### Circle Time

We will be discussing the best way to wash our hands and practising.

#### Religious Education

We will be thinking about how we can care for our world.

#### PSED

We will be learning some simple turn-taking and strategy games.

# Nursery

## Our learning

### This week in pictures

*Nursery loved using the Bee-Bots this week!*

### Next Week

#### Communication, Language and Literacy

We will be exploring poetry. We will focus on a new poem each day, looking at imagery, rhyme and rhythm. In Phonics we will continue to learn our single letter sounds.

#### Mathematics

We will be exploring one more and one less than numbers within 20.

#### Physical Development

We will continue to play games to develop our ability to negotiate space, practising to adjust our speed and direction.

#### Art and Design

We will be developing our decision-making skills and creativity.
