# Eaglet News

What an exciting week we've had learning all about Bonfire Night! To provide some real-life context, we had our own mini bonfire celebration on Monday afternoon, complete with a magical, colour-changing bonfire and some small fireworks. We have spent our week learning how and why Bonfire Night is celebrated, doing some firework-themed art, and most exciting of all – making our own chocolate sparklers! Reception have been working hard to memorise the poem, 'Remember, Remember' – perhaps you could ask them to perform it for you?

As the cold weather sets in, can we please ask all parents to double check that hats, coats, scarves and gloves are all clearly labelled, as these items tend to go astray quite easily!

### Reminders

#### Reception Reading Packs

Please ensure you send in your child's reading pack every day.

### Goodbye

We were sad to say goodbye to Mrs Sevcanlar at half term. We are grateful to her for her help and wish her all the best for the future.

### Makaton – Word a Week

We will be teaching the children a Makaton 'Word a Week', to support our communication and language development. This week is 'Please'. Please feel free to practice our word a week at home!

# Reception

## Our learning

This week in pictures

*Reception went mad for labels this week as we used our phonics sounds to make labels for all the things in our classrooms - even our teachers!*

### Next week

#### Physical development

We will be continuing our dance lessons and learning how to time our movements to music.

#### Communication, Language and Literacy

We will be exploring a new non-fiction text from the *Power of Reading* scheme.

#### Mathematics

We will begin exploring measure, including weight and capacity.

#### Understanding of the World

We will be doing some investigating of the natural world, linked to our *Power of Reading* text.

# Nursery

## Our learning

*We loved using our senses to explore the bonfire.*

### Next week

#### Physical development

We will be practising to throw and catch balls with confidence.

#### Communication, Language and Literacy

We will be looking at our story 'Owl Babies' and learning how to make predictions, retell a story and recognise emotions. We will also be looking at environmental sounds in Phonics, recognising and remembering sounds through a range of activities.

#### Mathematics

We will be beginning to order numbers to five.

#### Understanding the World

We will be exploring a woodland environment, understanding what we find in a woodland and the animals that live there.
