International Women's Day

Eaglet News

It's been an action-packed week here in Early Years. We kicked off the week in a pancake frenzy, planning, making and tasting pancakes. The children were very excited to watch the batter being mixed and it was a great opportunity for some mathematical language and chemistry, as we observed the batter change from "dry" and "sprinkly", to "sticky".

After a decadent pancake feast, it seemed only right that we burn off some energy with a pancake race. The children showed great hand-eye coordination as they flipped and caught their pancakes.

It was wonderful to see the children in their glorious World Book Day costumes. They were delighted to be dressed as a colourful array of book characters. With great excitement, they were whisked off to a magical forest (the Mandarin room!) where they heard a special story, *Wild* by Emily Hughes. It was fabulous, immersive experience and fun was had by all.

If shrieks of laughter were heard ringing out across Fulham on Thursday, they probably came from Reception's PE lesson. The children to hold in their giggles as they carefully negotiated space, adjusting their speed and direction to escape being eaten by greedy Mr Fox, who bore a striking resemblance to our PE teacher, Mr Welch!

Reminders

This half-term's Eaglet fund of £3 is now due. If you have not already done so, please send this in to your class teacher.

Junk Modelling and tissues

We would be delighted to receive donations of tissues, and also junk modelling materials in the upcoming week. We are especially looking for smaller items, e.g. lids, small boxes, yoghurt pots, coffee cup trays, etc.

Library books

Please could Reception parents be aware that library books must be returned to school every Wednesday, so that children may select a new book.

Stars of the week

Nursery – Raine

Reception 1 – Mila

Reception 2 - Sophia

Nursery

Our learning

This week in pictures

Sifen developed his gross motor strength and skills as he mounted the climbing wall.

Next week

Personal, Social and Emotional Development

We will continue to develop our ability to name and recognize emotions.

Physical Development

We will focusing on developing our fine motor skills through a range of challenges.

Communication, Language and Literacy

We will continue to develop our listening and questioning skills.

Mathematics

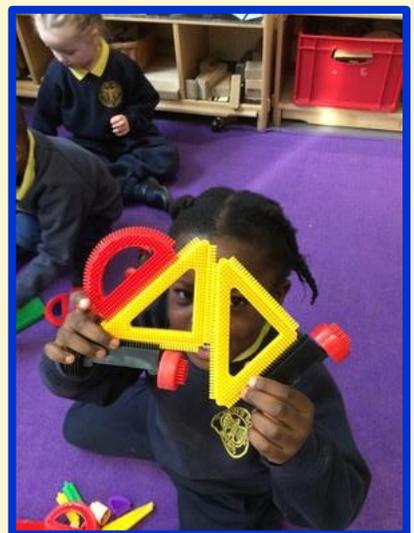

We will continue to work on our number formation and our knowledge of the number sequence.

Understanding the World

Building on our knowledge of buses, we will begin to explore other types of transport.

Expressive Arts and Design

We will be using our imagination to construct and build, stacking and balancing.

Reception

Our learning

This week in pictures

The children were transported to a magical forest to listen to their World Book Day story.

Next week

Personal, Social and Emotional Development

We will be learning about a 'meta-moment' that moment of pausing and breathing when we feel frustration rising.

Physical Development

We will be playing games to help us develop our skills in negotiating space and adjusting speed and direction.

Communication, Language and Literacy

We will begin exploring poetry, playing with words and rhyme, and growing our repertoire of learnt poems.

Mathematics

We will continue to explore 2D and 3D shapes and making increasing complex patterns with them.

Understanding the World

We will be celebrating great women in history through the book, *Fantastically Great Women Who Changed the World*, by Kate Pankhurst.

Expressive Arts and Design

We will be making observational drawings and taking photos as part of a week-long study of daffodil buds.
