March 20

Parents' Evening

March 21

Parents' meetings for R2

March 25

Family Bingo Night, 6-8pm

# Eaglet News

Science Week went off with a bang, a fizz, and a slow melt this week as we enjoyed a range of investigations, experiments and experiences. We're sure you will all agree that the children looked fabulous in their science-themed costumes!

Reception were very interested to learn about the effects of too much sugar in our diets during a special 'Sugar Awareness' assembly lead by Amy from Eden Foods. The children (and adults!) were shocked to discover that there are more than 9 teaspoons of sugar in a glass of cola! This prompted much discussion and flurry of visitors to our lunch-time salad bar, where some very healthy choices were made!

We also had great fun with our own experiments, observing chemical reactions between vinegar and bicarb and making predictions about what might happen.

Nursery learnt lots about the process of melting ice, as they worked to release the creepy crawlies that had been frozen in giant ice blocks. The children worked on gross motor strength as they dug, scraped and chiselled into the ice, using lots of lovely descriptive language to talk about the ice and the changes they observed.

A big thank you to our Year 2 teacher, Miss Reay for organising another brilliant Science Week.

### Frogspawn

Tadpole season is upon us! If any of you are lucky enough to have any frogspawn in your garden, Reception would be delighted to have some! We will take great care of the little visitors, and, all being well, will return them to their rightful home once they are fully grown, in accordance with the advice from the Wildlife Trust.

### Parents' Evening

Please be reminded that the deadline for booking an appointment for both parents' evenings is Sunday 19<sup>th</sup> March, 5pm. If you do not attend, you will be unable to make an appointment with your class teacher until after the Easter holidays.

## Stars of the week

Nursery – Isaiah

Reception 1 – Ollie

Reception 2 - Luca

# Nursery

## Our learning

This week in pictures

*Felicity and Claudia planting beans.*

### Next week

#### Personal, Social and Emotional Development

We will continue to develop our ability to name and recognise emotions.

#### Physical Development

We will working on gross motor skills as we walk safely up and down stairs carrying small objects.

#### Communication, Language and Literacy

We will be writing the last part of our Naughty Bus adventure.

#### Mathematics

We will using positional language as we give our bus directions.

#### Understanding the World

We will sharing about past experiences of bus journeys.

#### Understanding the World

We will be making cards for Mothers' day.

# Reception

## Our learning

This week in pictures

Ollie worked hard in the outdoor classroom to extend the hopscotch game.

### Next week

#### Personal, Social and Emotional Development

We will be thinking about privacy and how 'my body is just for me'.

#### Physical Development

We will be developing our ball skills, controlling the ball with our feet and hands.

#### Communication, Language and Literacy

We will be performing some more poetry, expanding our repertoire of learnt poems, and developing our sense for rhyme and rhythm.

#### Mathematics

We will continue to develop our understanding of number bonds, addition and subtraction.

#### Understanding the World

We will be finding out about each other's families and thinking about our own.

#### Expressive Art and Design

We will be exploring printing using natural and man-made materials to make a card for a special someone!
