

Upcoming Events

11th February - Forest School for Nursery Group A

Eaglet News

In Nursery we have been using lots of time language this week, as we have sorted and sequenced events by time. Every morning we sing the 'Days of the Week' song, and discover what day it is today. We encourage the children to use full sentences to describe, today, yesterday, and tomorrow. We're getting very good at it!

Half of the Nursery class enjoyed their second Forest School trip, which was very muddy and very exciting! We made several mysterious discoveries, including a large bone and an abandoned backpack hidden in the woods. We found lots of footprints, which we are already getting pretty good at identifying! Do chat to your child and ask them about their favourite bits.

This week in Reception we have been working really hard in maths and using lots of full sentences and maths vocabulary when talking about one more and one less. We have continued to discuss the book 'Blue Penguin' and we even made up our own song and dance to the tune of 'If you are happy and you know it'.

Reminders

Eaglet Fund

Please be reminded that this half term's eaglet fund is now due. So far this term, our Eaglet fund has enabled us to purchase: play dough ingredients, winter bulbs for planting, books to support our *power of reading* text, craft supplies, maths resources, and chalk for the playground. Please give this to your class teacher if you have not already done so. Thank you.

Unnamed uniform (ladybirds)

Ladybird class has many unnamed and unclaimed uniform in the classroom, mostly items from their PE kits. Today we have sent all PE bags home so you can check to ensure your child has all their items. If not please speak to your class teacher on Monday.

Tapestry Corner

We love seeing your children's home learning via their Tapestry online journals.

This week, please share with us photos and comments about your child's physical activities, abilities and interests. This could be anything from football in the garden, swimming or ballet class, riding a bike, or traversing the climbing frame at the park

Stars of the week

Nursery – Tilly

RA – Hallie

RC – Charlotte S

Reception

Our learning

This week in pictures

We have been using giant blocks to construct our own models.

Next week

Physical development

We will be discussing ways we can keep our bodies healthy.

Communication, Language and Literacy

We will be creating healthy eating posters.

Mathematics

We will be continuing our topic of numbers within 10.

Expressive Arts and Design

We will be exploring colour mixing.

Understanding the World

We will be looking at Chinese New Year and comparing it to our own celebrations.

Nursery

Our learning

This week in pictures

We enjoyed building mud castles at Forest School.

Next week

Communication, Language and Literacy

We will be exploring sounds in the environment, listening, discriminating, and describing them.

Mathematics

We will be exploring the number sequence to five, and then ten.

Expressive Arts and Design

We will be role-playing real life experiences around birthdays.

Understanding the World

We will be exploring different technologies available at school.
