

Upcoming Events

11th February – Forest School for Nursery Group A

14th February – End of term. Break up normal time of 3.20pm.

Eaglet News

In Nursery, we have really enjoyed learning how to use number fans. These are a great resource that helps to develop number recognition and sequencing. They are also great for strengthening fine motor muscles in little hands! We enjoyed role-playing teachers and leading number races - calling a number and giving a sticker to the child that finds it on the number fan first. We have also loved exploring the book, *You Choose*, with all its wonderfully detailed illustrations. We worked on our skimming and scanning skills, as well as making choices and giving opinions.

In Reception this week we have been learning a lot about Chinese New Year and why people celebrate it. We have been thinking about how the celebration is similar and different to occasions that we may celebrate with our own families. We have also been looking at the meaning of a healthy lifestyle. We were so lucky to receive a huge box of delicious fruit and vegetables from a very kind parent, Mr Gawne, which allowed us to have our first ever food lesson. We explored the different fruits and vegetables. Some of us were even brave enough to taste some that we have never tried before.

Reminders

Eaglet Fund

Please be reminded that this half term's Eaglet Fund is now due. So far this term, our Eaglet Fund has enabled us to purchase play dough ingredients, winter bulbs for planting, books to support our *power of reading* text, craft supplies, maths resources, and chalk for the playground. Please give the money to your class teacher if you have not already done so. Thank you.

No reading books

This week the children will not receive a reading book, as we are carrying out an audit.

Please continue to practise word walls and flashcards.

Tapestry Corner

We love seeing your children's home learning via their Tapestry online journals.

This week, please share with us photos and comments about your child's healthy lifestyle. This could be a picture of them eating healthy foods or explaining their own knowledge about how diet, sleep, exercise and hygiene contribute to good health.

Stars of the week

Nursery – Olivia T

RA – Aaron

RC – Drew

Reception

Our learning

A HUGE thank you to Freddie's Daddy for the delicious, healthy fruit and vegetables he gave us for our healthy eating topic this week!

Next week

Physical development

We will be focusing on the importance of hygiene.

Communication, Language and Literacy

We will be focusing on reading words within our environment and we will be practising reading cvc words and sentences.

Mathematics

We will be continuing our topic of numbers within 10 and will be looking at estimating.

Expressive Arts and Design

We will be exploring the sound of a variety of musical instruments.

Understanding the World

We will be exploring the use of technology within our learning.

Nursery

Our learning

This week in pictures

Forest School continues to be an exciting stimulus for lots of talk. Here are Lola and Micah looking at photos from our recent trip on the digital frame. "When I go to Forest School, I might find a bag too!"

Next week

Communication, Language and Literacy

We will be looking at the letters of the alphabet and sharing what we know about it.

Mathematics

We will be exploring 2D shape and developing our language in describing shapes.

Expressive Arts and Design

We will be exploring textures through collage and sensory play.

Understanding the World

We will be exploring ice as part of our interest in the film, *Frozen*.
