September 25

Part-time Nursery begin

September 29th

Macmillan Coffee Morning,
9.10am, Dining hall. All
welcome.

Eaglet News

It's been a very exciting week in Early Years as we welcomed our new Nursery pupils into the setting. It has been lovely to begin to get to know them and see them settling in so well. They have been very busy exploring all the different areas and activities, and getting to know the names of their friends and teachers.

Reception are becoming experts at coming into school each day, and are growing in independence as they remember the routines and expectations throughout the day. They have impressed us all with their focus and hard work during their phonics lessons, which began this week!

Reminders

We kindly request that parents whose children are dismissed into the Early Years playground refrain from allowing their children and younger siblings to play on or with the playground equipment. This is to avoid accidents, injury, and damage to equipment.

This half-term's Eaglet fund of £3 is now due. If you have not already done so, please send this in to your class teacher. Thank you to those who have already paid.

It's runny nose season! We would greatly appreciate donations of tissues.

Reception children will have chosen a library book this week to take home. Library sessions take place on **Thursdays**, so please ensure your child's library book is returned each Thursday in order for them to choose a new one.

Reception children will receive their sound books this week. These are for your child to practise their sounds each day. They should be sent into school each day in the children's book bags, so that they can be regularly updated as we learn new sounds.

Stars of the week

Nursery – Verity

RP – Nyahli

RC - Charlie

Reception

Our learning

This week in pictures

Dr. Kitty was kept very busy giving lots of children plaster casts.

Next week

Personal, Social and Emotional Development

We will be talking about friendship, and how to be a good friend.

Physical Development

We will be working on using a correct pencil grip and forming the letters we have learnt in our phonics lessons.

Communication, Language and Literacy

We will be writing labels for objects in our classrooms.

Mathematics

We will continue to explore number and counting.

Understanding the World

We will be meeting some of the other teachers and adults from around the school.

Expressive Arts and Design

We will be using a range of tools for different media, e.g. paint brushes, scissors and rolling pins.
