

Upcoming Events

18th March & 25th March – Parents' Evening

19th, 27th, 29th March, 2nd, 3rd April – Reception stay and play sessions

Eaglet News

We have been surrounded by minibeasts this week in Reception! Science Week has been a fun-filled (although very windy) few days with lots of visitors coming in to talk to us about British wildlife. Unfortunately we did not get to go on our trip to Bishop's Park; however, Miss Osiecka did find us some minibeasts to look at in the classroom. Who knew a snail could keep us amused for hours! Thank you to all those parents who came in to share their wildlife knowledge with the children, and thank you to those who volunteered for our trip.

In Nursery we have also been learning about British Wildlife as part of Science Week. Mrs Richards very kindly organized some ladybird eggs for us to rear, so we have been learning all about the ladybird life cycle. At the moment, our ladybirds are larvae... next stage, pupae! We enjoyed some amazing visitors, and a highlight was getting to meet a real hedgehog! We also have been using our senses to explore the world around us, observing and naming the weather conditions as part of the RSPB School Wild Challenge.

A huge thank you to Mrs Richards for her hard work in organizing an amazing week of learning for us.

Eaglet Fund

This half term's Eaglet fund is due, so please could you give £4 to your child's class teacher. Last half term this money helped us fund ingredients to make playdough, craft materials and pirate treasure, to name just a few.

Uniform and Book Bags

Please, please ensure all items of uniform **including book bags** are clearly labelled with your child's name. There has been an increase in lost uniform queries lately and we are having to spend lots of teaching time trying to return nameless uniform to its rightful owners.

Stars of the week

Nursery - Hallie

RO – Kyle

RC – Myla

Reception

Our learning

This week in pictures

Next week

Physical Development

We will be carrying out a 'hole in the fruit' obstacle course

Communication, Language and Literacy

We will be reading the story 'The very hungry caterpillar'

Mathematics

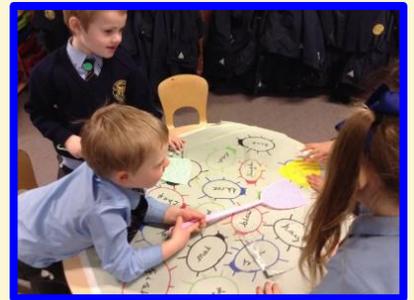

We will begin learning how to count up in twos

Expressive Arts and Design

We will be creating caterpillars in the style of Eric Carle

Understanding the World
