27th June – Reception to Year 1 transition meeting

9th July – Nursery Sports Day, 9.10-10.25 in school playground.

18th July – Reception graduation

Eaglet News

We have had lots of fun continuing with our jungle topic this week. Everyone took part in our amazing 'animal boogie', and to inspire our writing this week we all moved around like jungle animals. Thank you to all those who donated boxes and kitchen rolls - the children were very creative when making their jungle habitats and binoculars. Now we are in our final term in reception we are beginning to look forward to life in Year 1. The first change that has taken place is a greater focus on independent writing. Every child has a new diary journal that we write a sentence in three days each week. Over the coming weeks we will continue to introduce activities that will support the children's transition to Key Stage One.

Grandparents tea party

Hopefully you all received an invitation to our Grandparents' (or special person's) tea party. Please ensure you have replied to the invite as soon as possible so we know how many people to cater for.

Bling your bike

Please look at last week's main St John's newsletter for information regarding our 'Bling your Bike' competition. For any questions regarding this please see Miss Cook.

Reception graduation

A date for your diary! At 9:15 am on 18th July Reception, children will be having their Early Years graduation. This will be a celebration of their first year at school with some songs, speeches and the handing out of some certificates. The size of the hall means we must limit the number of guests to 2 per child, and more details about this event will follow.

Stars of the week

Nursery - Filippo

RO – Nylan

RC – Teddy

Reception

Our learning

Next week

Physical Development

We will be practising some jungle yoga

Communication, Language and Literacy

We will be reading the book 'Monkey puzzle'

Mathematics

We will be revisiting 2D and 3D shapes

Expressive Arts and Design

We will be creating our own animal stories and presenting these to our peers

Understanding the World

We will be thinking about how human activities can affect the planet
