

Eaglet News

Welcome back for our last half term of the year! This week in Reception we began our new topic, Robots and Machines. We have looked at lots of different types of robots and many of us have done some great sentence writing about them. We enjoyed watching a clip from the film Wall-E and thought of some ideas about what jobs we would program robots to do. In our maths lessons we have been reviewing the concept of sharing into equal groups, and both myself and Miss Cook have been really impressed with how well everyone has grasped this concept.

Nursery have also been learning about Robots and Machines. We have been reading lots of books and stories about robots, and have even begun to apply our phonics knowledge to label the parts of a robot. There has also been some amazing maths happening in our classroom! The children have been fascinated by 'big' numbers, and anyone walking past our classroom this week might have heard us chanting and counting at the top of our lungs to see how high we could count! We have also been learning how to find 'one more' of a given number to ten.

Dance-a-thon

A reminder to send in any sponsorship money for our dance-a-thon event that takes place next Friday. The money we raise from this will mean we can purchase some new resources for our outdoor playground including a mud kitchen, literacy resource and paint for a mural.

Please send any sponsorship money into school over the next two weeks.

Stay and play (Reception)

You should have received a letter this week about our upcoming stay and play sessions. The sign-up board will be out each morning for you to choose your slot.

Donations

Before half term a letter was sent home about donations for our playground. If you have any of the items we requested (especially shopping baskets and kitchen equipment) please can you bring these into school as soon as possible.

Upcoming Events

13th, 18th, 19th, 21st June – Reception stay and play sessions

14th June – EYFS Dance-a-thon

27th June – Reception to Year 1 transition meeting

2nd, 3rd July – New Reception parent meetings

9th July – Nursery Sports Day, 9.10-10.25 in school playground.

18th July – Reception graduation

Stars of the week

Nursery – Ava

RO – Tiana-Mai

RC – Jayden

Reception

Our learning

Next week

Physical Development

We will be developing our fine motor skills

Communication, Language and Literacy

We will be reading the story 'Robo snot'

Mathematics

We will be doubling and halving groups of objects

Expressive Arts and Design

We will be inventing our own machines

Understanding the World

We will be looking at inventors from the past who have created things we still use today

Nursery

Our learning

This week in pictures

Future engineers in the making!

Physical Development

We will be learning more about germs and how good hygiene keeps us healthy.

Communication, Language and Literacy

We will be reading 'Robo-Snot' and making our own slime!

Mathematics

We will be learning how to find 'one less' than a given number to ten.

Expressive Arts and Design

We are really looking forward to moving to music during our Dance-a-thon next Friday!

Understanding the World

We will be examining changes by looking closely at transformers and by making our own slime.
