26th November & 3rd December
Parents' evenings

18th December Ladybirds
Christmas performance

19th December Butterflies
Christmas performance

20th December Nursery Christmas
performance

Eaglet News

It has been great to see the children getting straight back into the swing of things after the half term break! We have been learning about lots of different facts about the ocean and the amazing creatures that live there. We were very excited to explore our new role play area and have a go in the submarine.

In Nursery, we have been practising our early inference skills to interpret clues and discover facts. We explored different sea creatures and listened to clues to help us work out the mystery sea creatures.

Eaglet Fund

As it is now the beginning of a half term, the next £4 eaglet fund is due. Please pass this along to your class teacher. Thank you.

Tapestry

Thank you to everyone who has accessed their tapestry account. Hopefully you have enjoyed seeing observations on your child. Please remember that you can also upload home observations to show us learning that the children are doing outside of school. These observations can be used to support their assessments.

Library books

Please be aware that Reception's library day has moved to a Thursday. In order for your child to take a new library book out they must have returned their previous library book by Thursday.

Autumn Leaves

To support Nursery's learning about autumn next week, please collect any interesting leaves, conkers, pine cones, or other interesting natural objects and send them in next week. Donations will be greatly appreciated!

Stars of the week

Nursery – Alejandro

RO – Jonah

RC – Olivia

Reception

Our learning

This week in pictures

Next week

Physical Development

We will be using different materials to build a water obstacle course.

Communication, Language and Literacy

We will be looking at the book 'Commotion in the Ocean' and writing descriptive sentences about the animals in the book.

Mathematics

We will be taking our first look at 3D shapes and spotting some in our environment.

Understanding the World

We will be testing materials to see which is the most appropriate to use for a scuba suit.

Expressive Arts and Design

We will be creating our favourite sea creature using a wide range of materials.

Nursery

Our learning

This week in pictures

Careful looking and copying to make observational drawings of Spotty Dot the turtle.

Next week

Personal, Social and Emotional Development

We will be exploring this term's school value of 'love'.

Physical Development

We will continue to develop our skills in negotiating space with circles games in the large playground.

Communication, Language and Literacy

We will be reading the book *Leaf Man* and developing our vocabulary around autumn experiences.

Mathematics

We will be working on recognizing numerals 1-5.

Understanding the World

We will be talking about Bonfire Night as well as the changes we observe in nature in autumn time.

Expressive Arts and Design

We will be learning collage techniques using natural objects.
