

Eaglet News

We are all pinching ourselves in disbelief that this is (hopefully) our last ever lockdown newsletter! What a strange mixture of emotions for everyone. Pride, relief, and gratitude for all the hard work of our amazing teachers, parents, and of course, the children, who have met this challenge head on with grit, joy, and determination to flourish under such strange and difficult circumstances. It has been truly awe-inspiring. We would also like to say an extra special thank you to Miss Douglas, Miss Escibano, Mr Johnson, Miss England, Miss Abbott and Miss Walker who have been in school every day working tirelessly to keep our doors open for the children of key workers. Words cannot express our gratitude.

We have been really encouraged to hear from lots of Reception parents over the phone that so many children are excited and looking forward to return – we certainly are too. Roll on Monday!

Reminders

Drop-Offs and Dismissals

Just a friendly reminder to please be swift with your hellos and goodbyes at drop-off and dismissal time. It is just as important as ever to try and reduce time spent congregating and avoid congestion around the gate area.

World Book Day – 5th March 2021

Don't forget to share photos of what you have been up to on this day.

Stars of the week

Nursery – Arabella

RP & RPy – Everyone!

Reception

Our learning

This week in pictures

Some of the amazing colour wheels we made for Creative Day – there were too many to showcase them all!

Next week

Our first week back will be focused on settling in and reestablishing rules and routines. We will also be spending lots of 1:1 time with children completing some baseline assessments to help us understand where individual children are in their learning so that we make decisions about the best curriculum going forward.

Nursery

Our learning

This week in pictures

Nursery enjoyed a carousel of inspiring activities with a 'springtime' theme for Creative Day.

Next Week

Communication, Language and Literacy

We will be exploring the season of spring. We will discuss the signs of spring and the changes that happen within the natural world. In Phonics we will continue to explore oral segmenting and blending.

Mathematics

We will be learning and exploring the months of the year.

Physical Education

We will continue to look at Gymnastics.

Personal, Social and Emotional Development

We will be developing our self-confidence through circle time.

Art and Design

We will be looking at three-dimensional art.
