

Upcoming Events

8th January – Children return to school

Eaglet News

It's Christmas! What a fantastic first term we have all had in Early Years and the children topped it all off with fantastic performances in their nativity shows this week. The staff could not have been more proud of each and every child who stood on the stage. As you can imagine we have been feeling very festive in both Nursery and Reception this week with card making, tree decorating, Christmas parties and a visit from Father Christmas himself! All of the excitement has left both children and staff ready for the break! Thank you to all parents and extended family members who have supported the children and our Early Years team this term. We wish you all a merry Christmas and a happy New Year! See you on the 8th!

Kitchen roll tubes/wrapping paper tubes needed

Reception are in need of either kitchen roll tubes or wrapping paper tubes for the first week back. If you have any at home please can you keep them aside and bring them in when we return in January.

Tapestry

Please keep updating us of how the children are getting on over the Christmas holiday via Tapestry. We would love to see any activities or opportunities for learning they are doing at home and as usual these may go towards their assessments we do each term.
