

Upcoming Events

26th-30th October – School closed for half term

Eaglet News

Phew! We have made it to half term, and what a half term it has been! We're so proud of all the children and the brilliant start they've made. Thank you to those parents who signed up for parent consultations. Please do keep in touch with us about your child's home learning and for ways that you can be supporting your child at home.

After half term, Reception and Nursery will be learning about Bonfire Night, thinking about how and why it is celebrated, using our senses to explore fireworks and learning how to keep safe around fireworks. We will even be having out own mini fireworks and a bonfire! We would love to see photos of any of your own Fireworks celebrations – please do share with us on Tapestry.

Reminders

Reception Reading Packs

Please ensure you send in your child's reading pack every day.

Nursery- Learning About Our Families

As Nursery share the lives of our families, we ask that each child brings in/uploads to Tapestry a photograph of their family as a prompt for them to explain who they live with and who is in their family. Please do this for Wednesday 28th October.

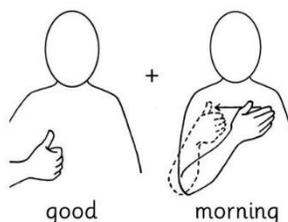

Thank you for all your ongoing support.

Winter Uniform

Please be reminded that children must be dressed in the correct winter uniform after half term. This includes a navy blue pinafore, shirt and tie for girls, and grey trousers and socks for boys. Please ensure your child also has the school coat, hat and scarf. These should be purchased from the John Lewis website.

Makaton – Word a Week

We will be teaching the children a Makaton 'Word a Week', to support our communication and language development. This week is *Good Morning*. Please feel free to practice our word a week at home!

Stars of the week

Nursery – Luke

RP – Ruby

RPy – Simeon

Reception

Our learning

Reception went mad for labels this week as we used our phonics sounds to make labels for all the things in our classrooms - even our teachers!

Next week

Physical development

We will be continuing our dance lessons and learning how to time our movements to music.

Communication, Language and Literacy

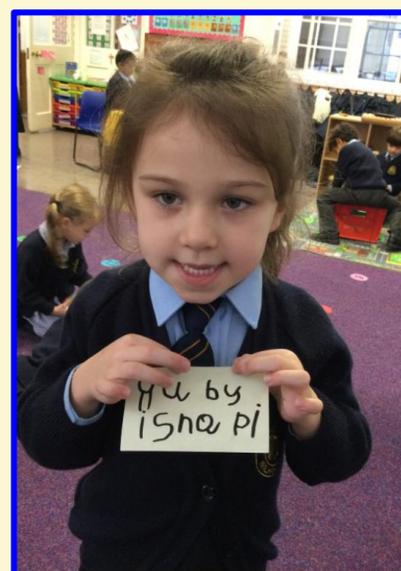

We will be developing our vocabulary by saying and writing descriptive words about fireworks.

Mathematics

We will begin exploring addition and subtraction, and introducing the children to the part-whole model.

Understanding of the World

We will be learning about how and why Bonfire Night is celebrated.

Nursery

Our learning

This week in pictures

Nursery have been exploring and sorting shapes.

Next week

Physical development

We will be learning to express ourselves through movement in Dance.

Communication, Language and Literacy

We will be learning about Bonfire Night and exploring our senses. We will also be learning to recognise environmental sounds through listening walks and listening moments to develop our listening skills and awareness.

Mathematics

We will be beginning to match a quantity to a numeral within five.

Understanding the World

We will be discussing our families and sharing the lives of the people who live with us.
