

Eaglet News

We have completed our first half term of summer term, and what a half term it has been! It's been so wonderful to experience a full half term with a more 'normal' feel in school.

St. John's have partnered with the Magic Breakfast charity to encourage children to eat well to keep their bodies healthy. Over the half term we are encouraging our pupils to complete a reading challenge around the story 'The Tiger Who Came To Tea'. Please keep an eye out for the letter with more information and we look forward to seeing many entries uploaded to Tapestry. Good luck!

We would like to say a huge thank you to every parent/ carer for your ongoing support towards your child's education. We wish you all a very happy and safe half term break and look forward to our final half term of the year!

Reminders

Toys

Please can we ask that parents ensure children **do not** bring in toys to school (unless it is their show and tell).

Keyrings

In Nursery and Reception children should only have one small keyring on their school bag. This enables them to be stored correctly in their classrooms and stops distractions throughout the school day.

Sun Cream

Next half term, children in Nursery and Reception can bring in sun cream to be applied throughout the day. This will stay at school for the rest of the term. Please ensure this bottle is clearly labelled with their name. Children in Reception will be expected to apply this themselves, so please teach your child to do this.

Makaton – Word a Week

This week's Makaton sign is *hot*. Please feel free to practice our word a week at home!

Tapestry Corner

We love seeing your children's home learning via their Tapestry online journals.

Has your child shown a good understanding of their health and hygiene? We would love to see some photographs and videos of children explaining how to keep their bodies healthy, brushing their teeth or washing their hands.

Stars of the week

Nursery – Ezra

RP – Alexander

RPY – Patrick

Reception

Our learning

This week in pictures

Reception loved meeting 'Professor Stingray' and asking him lots of questions about sharks.

Next week

Communication, Language and Literacy

We will be writing our own non-fiction.

Mathematics

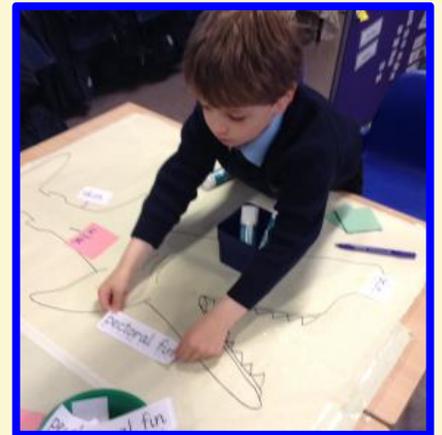

We will continue our unit of addition and subtraction, looking at problems involving comparison of groups.

Circle Time

We will use our knowledge of the 'Zones of Regulation' to place ourselves on our own class 'Mood Meter'.

Religious Education

We will begin our unit "Who cares for this special world?"

Nursery

Our learning

This week in pictures

Nursery really enjoyed exploring floating and sinking and filling in a chart to evidence their findings!

Next Week

Communication, Language and Literacy

We will be exploring the season of summer. We will be finding out and discussing the signs of summer and will practise writing a range of words and sentences about summer. In Phonics we will continue to learn single letter sounds.

Mathematics

We will be exploring word problems with numbers to ten.

Art and Design

We will be looking at form and creating three-dimensional pieces of work.

Understanding the World

We will be learning about different flowers and practising how to name and label the parts of a flower.
