## **Nasal Flu Immunisation**

We have received several telephone calls asking when the nasal 'flu sessions are to be rescheduled. We are still awaiting a response from the Immunisation Team despite our many attempts to contact them. If your GP has recommended your child has this then we would suggest asking if the surgery carries out these immunisation sessions. As soon as we hear anything we will let parents know. If you do manage to get your child immunised then please do let Mrs Baxter know.

## **Road Safety**

There have been a worrying number of 'near misses' on the roads around the school recently. Please can we ask that parents do not drive in between gates or stop their car near the school gates, as this causes great danger to our pupils. Please walk where you can.

Now that we have more pupils arriving to school or leaving school unaccompanied please would you talk to your child about road safety. We have had several reports from parents about the behaviour of some of our older pupils on the road. The teachers have spoken to the classes today and we would ask that you help us by talking to your child/ren about road safety.

## **Packed Lunches**

In light of the number of staff members isolating this week and next, we have had to review our risk assessment and have made temporary changes to our lunchtime arrangements. We are trying to minimise further the number of pupils in each bubble so that, should a bubble need to isolate in future, we send as few children home as possible. The children with a packed lunch are eating in a different hall for the short term. A few parents have phoned in to query this. Please be patient, we are doing all we can to keep the bubbles small in size and to keep children and staff safe. They are not rushed to eat and they are not asked to sweep the floor. They are supervised by a member of the Senior Leadership Team.
