## Introducing our New Staff Members

My name is Miss Veloso, most of you might know me from last year.

Living in London since 2014, I have been working in primary schools as a French Teacher. I was born in France and had lived in Paris for 13 years. Obtaining my MFL Teaching Degree in 2004, I have started working with children that same year and teaching became my passion since then. I have taught French as a modern foreign language abroad in Portugal as well for ten years, in primary and secondary schools.

In my spare time, I enjoy going to the theatre, the cinema and travelling.

## Prevent Strategy

The Prevent strategy aims to stop people becoming terrorists or supporting terrorism. While it remains rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist and extremist influences or prejudiced views.

As with other forms of safeguarding strategies, early intervention is always preferable. At St. John's we will be running information workshops for parents on the Prevent strategy. Parents will be informed as soon as a date becomes available.

Meanwhile, the following resources will give parents further information:
